NEW VENUE COMING TO FORMER 302 WEST STATE LOCATION

Geneva, IL – Monday, September 14, 2012 – From a news article in the June 7 ***Geneva Patch*** publication (http://www.geneva.patch.com/) – and from recently driving and walking past – the 302 West State Street address (former home of ***302 West***Restaurant) will finally have a new occupant: ***EvenFlow Music & Spirits***.

EvenFlow Music & Spirits is close to being finished with renovation work for the interior of the building that once was home to the 1) the State Bank of Geneva, 2) The Safe Restaurant, 3) 302 West restaurant -- my favorite -- and 4) a restaurant whose name ***and*** owner still brings uncomfortable memories to mind...

The new concept will have food, but the emphasis will be geared more towards a music venue; it is slated to be open this summer, focusing on live entertainment and showcasing "the most popular live music acts in the Chicago-land area," owners Michael Knuth and Nick Mercadante stated in a recent press release.

Also from the ***Patch*** article was this: "*EvenFlow Music & Spirits will provide music acts from every genre, past and present, including rock, jazz, and blues. There will be something for all musical tastes, including live-band karaoke and gospel brunches*."

The venue will feature three levels: the loft area above, a long bar on the main floor with high-def TVs and an "intimate lounge below the main level"; food will be American fare.
